

Lexington KY Premiere Pond & Water Garden Resource

H2O Designs Inc

Foggers

Foggers help create an instant focal point in any indoor or outdoor water feature setting. Foggers produce an endless cloud like mist that will help to relax mind and body. Foggers are also a great way of providing humidity indoors during cold winter months and a great addition to terrariums or tropical reptile environments.

Floating Pond Fogger with LED Lights

~~\$99.98~~ \$89.98

You Save: 10.00%
